BIBINO SN

Software Engineer — Frontend Development
Kanyakumari, Tamil Nadu | +91-8940187655 | marsbibino@gmail.com | linkedin.com/in/bibino-sn-051756251

SUMMARY

Software Engineer with 3.5 years of experience in frontend development, specializing in building responsive, accessible, and performant web applications. Proficient in React, Next.js, TypeScript, JavaScript, HTML, CSS, and Tailwind CSS, with a track record of delivering scalable UI solutions, integrating real-time APIs, and collaborating cross-functionally with UI/UX and backend teams to improve product usability.

SKILLS

Languages & Frameworks: React, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3
Styling & UI: Tailwind CSS, Bootstrap, Shadcn/UI, Responsive & Accessible Web Design
Tools & Practices: Git, GitHub, Version Control, REST API Integration, Agile Development, Performance Optimization
Core Strengths: Website Design, Cross-browser Compatibility, UI/UX Collaboration, Code Review

EXPERIENCE

Software Developer — *Netphenix IT Solutions Pvt Ltd* Jan 2023 – Present

- Developed, tested, debugged, and documented software applications using TypeScript, JavaScript, HTML, and CSS, contributing to reliable, production-ready releases.
- Built and maintained scalable frontend applications across multiple platforms, ensuring consistent performance and cross-browser compatibility.
- Managed source code across multiple concurrent projects using Git and GitHub, following version control and branching best practices.
- Collaborated closely with UI/UX designers to improve software usability, resulting in more intuitive and accessible user experiences.

PROJECTS

Lok Sabha Project

- Integrated APIs and services to display real-time legislative data, keeping information accurate and up to date for end users.
- Developed a responsive, accessible UI, ensuring a seamless experience across desktop and mobile devices.

NPTEL Project

- Built the front-end GUI using Next.js and React.js, integrating video data for a smooth content-viewing experience.
- Implemented a responsive UI with Tailwind CSS and Shadcn components, enhancing overall usability and visual consistency.
- Optimized performance and accessibility, improving page load times and user interaction responsiveness.
- Built a feature to convert English-language source videos into multiple languages with subtitles and voice-over.

VFX Studio Employee CRM Management

- Worked as both back-end and front-end developer using Next.js with TypeScript to build and manage server-side functionality.
- Managed employee and customer data records, ensuring accuracy and consistency across the CRM system.

EDUCATION

MBA — Udaya School of Engineering, Ammandivilai (Apr 2022)
BCA — Nesamony Memorial Christian College, Marthandam (Apr 2018)
